Dimensions	55 x 19 x 10 MM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Compact USB flash drive with a rotating metal cover, the Techmate provides a straightforward, durable storage option for file transfer, presentations and promotional giveaways. Made from ABS and measuring 55 x 19 x 10 mm, it is easy to carry on a keyring or in a work pouch. The swivel cover protects the connector and the drive connects via USB 2.0 for simple plug-and-play use.

The rotating metal cap eliminates the need for a removable cap and keeps the connector protected in daily use. Its slim profile suits presentation packs and promotional kits, and the integrated attachment loop allows addition of a lanyard or clip. Available in several colours, for example Black, Blue or White, the Techmate is practical for bulk distribution.

Customisation options suit companies, sports clubs, associations and events. Techniques available: digital printing, doming, laser engraving and pad printing. Personalised USB flash drive. Minimum order: 50 pieces (colours and sizes combined). Free quote within 24 h on weekdays, in-house studio to prepare or vectorise your logo, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
