Reference	100289
Composition	Eastman Tritan™
Material	Eastman Tritan™
Average weight	90
Dimensions	21 x Ø 7 cm
Country of origin	Chine
Carton	48 pieces

DESCRIPTION

The personalised water bottle Spring 600ml is a unisex sport bottle that combines lightness with impact resistance for everyday use. Made from Eastman Tritan™ and BPA-free, it has a single wall and holds 600 ml — practical for commuting, workouts or desk use. The screw cap with stainless-steel detail provides easy opening and secure closing.

Its straight, compact shape fits most bag pockets and bottle holders, while the translucent material allows a quick glance at the remaining liquid. The bottle comes in several colours, for example translucent black and translucent, and is straightforward to clean with warm water.

This personalised water bottle can be customised from one piece and suits companies, sports clubs, associations, events and private customers. Available marking techniques: tampography, screen printing on objects and digital printing on objects. Free quote within 24 hours on weekdays; collection in our Evere workshop or delivery in Belgium, France and Luxembourg.
