DESCRIPTION

This 500 ml double-walled stainless steel travel mug combines practical everyday use with a comfortable grip. Designed to keep hot and cold drinks at temperature, it features a thumb-operated sliding lid whose colour matches the body. Its slim profile makes it easy to carry and it is presented in a gift box, making it suitable for corporate gifts or event giveaways.

The brushed stainless finish gives a robust feel and is easy to maintain: a rinse with warm water is usually sufficient. The sliding disc lid helps reduce spills and can be operated single-handedly, while the smooth body avoids hard-to-clean crevices.

The personalised mug is available from a single unit. We offer pad printing on object, screen printing on object and digital printing on object for companies, sports clubs, associations, events and private customers. Free quote within 24 hours on weekdays; standard production and express options available, collection at our Evere workshop or delivery in Belgium, France and Luxembourg. personalised mug
