DESCRIPTION

The Geo mug 350ml is a stainless steel double-walled mug with a copper coating, designed to keep hot and cold drinks longer at the desired temperature. Its construction prevents condensation on the exterior and the sliding lid with a wide opening makes it easy to use and clean. Supplied in a gift box, it combines a comfortable grip with a refined finish, ideal for daily use at the office, on the go or as a present.

This custom personalised mug with logo can be decorated by object screen printing, digital printing, laser engraving or pad printing. Suitable for companies, sports clubs, associations, events and private customers seeking a practical and elegant promotional item or gift.
