Reference	100517
Composition	Stainless steel
Material	Stainless steel
Average weight	415
Dimensions	28,3 x Ø 8 cm
Country of origin	Chine
Carton	24 pieces

DESCRIPTION

This insulated bottle features a slim, bottle-shaped profile with vacuum insulation and an internal copper-plated wall to keep drinks hot or cold. Constructed from 18/8 stainless steel with a powder-coated exterior, it holds 750 ml and comes with a threaded metal cap that provides a secure seal. The product is available in several colours, for example Black and White.

The tall form and narrow neck make sipping convenient and reduce spills, while the powder finish resists fingerprints and improves grip. Supplied in an Avenue gift box, it is suitable for everyday use or as a corporate gift. Care is straightforward: rinse after use and avoid abrasive cleaning to preserve the finish and inner plating.

This item is a personalised insulated bottle and can be customised from one piece for businesses, sports clubs, associations, events or individuals. Available marking techniques include tampography, screen printing and digital printing; our design studio can retouch or vectorise your logo. Free quote within 24 hours on weekdays, standard production 10 working days, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
