DESCRIPTION

The Sky 650 ml water bottle is a practical companion for staying hydrated on the go: it fits most backpack side pockets and car cup holders. The single-wall construction uses recycled PET certified by EFSA, with a PP screw lid featuring an integrated carry handle. BPA-free, the bottle is lightweight and convenient for commuting, sports outings or desk-side use. Care is straightforward: rinse with warm water and leave components to dry separately.

As a custom / personalised water bottle with logo, it can be decorated using digital printing, object screen printing and pad printing. Suitable for companies, sports clubs, associations, events and private customers, we can also retouch or vectorise your logo in our design studio. Free quote available on weekdays and options for collection in Evere or delivery in BE/FR/LU.
