Engineer 6-function multi-tool

Ref. 104081

Reference	104081
Composition	Plastic
Material	Plastic
Average weight	42
Dimensions	2,5 x 14 x 2 cm
Country of origin	Chine
Carton	144 pieces

DESCRIPTION

Compact plastic multi-tool featuring small and large Phillips and flat heads, plus an LED lamp with an on/off switch. Intended for everyday vehicle use or on-the-go fixes, it slips easily into a pocket or glove compartment and remains comfortable to handle despite its small footprint. The main material is plastic, lightweight and simple to wipe clean.

The unit houses several bits in a single casing and the LED provides useful illumination for low-light tasks. A battery is supplied for immediate use. The modest finish and compact dimensions make it convenient to store and carry for quick repairs or emergency situations.

This personalised multi-tool can be personalised from 1 piece for companies, sports clubs, associations, schools, youth movements and private customers. We offer pad printing, screen printing and digital printing on objects to apply your logo. Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
