DESCRIPTION

The Rivet 19-piece tool kit blends practicality with sustainable materials: a bamboo case protecting tools made from carbon steel and components in recycled PP plastic. Suited for DIY tasks and light professional use, the set includes a pivoting handle, quality sockets, precision screwdriver bits, an extension bar and hex keys. As bamboo is a natural material, slight variations in colour and grain can occur, giving each case a unique look. Care is straightforward: wipe bamboo and plastic parts with a damp cloth to maintain appearance and durability.

Order a custom / personalised tool kit with logo using our techniques: tampography, screen printing on objects, laser engraving and digital printing. Ideal for companies, sports clubs, associations, events or individual gifts. YourVisualHere can quote and refine your artwork in our studio for a crisp, professional finish.
