| **Carton** | 100 pieces |

## DESCRIPTION

The Memorama credit-card USB in ABS provides a slim, wallet-friendly format (85 x 55 x 3 mm) ideal for promotional distribution. Its rigid ABS shell offers a smooth surface perfect for high-resolution printing. The unit is easy to wipe clean and built to be carried with documents or cards. This model is available in 1 colour, for example white, and keeps the standard credit-card dimensions for discreet branding.

The device features a thin profile with an integrated connector that tucks into the card shape, avoiding bulky parts while remaining practical for mailing and giveaways. Note the exact dimensions (85 x 55 x 3 mm) when preparing artwork to ensure correct placement on the print area.

This personalised USB card can be finished using digital printing or pad printing, techniques suited to ABS surfaces. Minimum order: 50 pieces (colours and sizes combined). Recommended for companies, clubs, schools, events and client gifts. Free quote within 24 hours on weekdays; our graphic studio can vectorise or retouch your logo. Collection from our Evere workshop or delivery in Belgium, France and Luxembourg.

## COLOURS (1)

White
