DESCRIPTION

Set of 5 K'arst® 2B wood-free graphite pencils designed for writing, doodling, sketching or detailed drawing. The wood-free construction contains more graphite per pencil and can be sharpened for a crisp line or left blunted for expressive strokes and subtle shading. The solid weight provides a comfortable grip and good control over the mark. Easy to use and free of wood shavings, these pencils require minimal care—simply sharpen to achieve the desired finish.

For a custom / personalised set of graphite pencils with logo we offer pad printing, screen printing on objects, digital printing and laser engraving. Ideal for businesses, sports clubs, associations, events and private customers looking for a practical, refined giveaway. Free quote and graphic studio available to prepare your logo.
