DESCRIPTION

The Shale stone paper notebook is a durable, practical option for jotting down ideas and appointments. Made from tear-resistant, water-repellent stone paper with 32 ruled pages and a compact 127 x 178 mm format, it's ideal for carrying in a bag or pocket. The smooth surface provides comfortable writing with pens or pencils while avoiding tree-based paper production. Spills can be wiped away without damaging the pages, making this notebook reliable for everyday use and outdoor environments.

This custom / personalised stone paper notebook with logo can be personalised using pad printing (tampography). Suitable for companies, sports clubs, associations, schools, events and private customers. Our studio can retouch or vectorise your logo before printing to ensure a crisp, professional finish — a sustainable choice that promotes your brand.
