DESCRIPTION

The Samambu bamboo duo pen is a two-headed writing tool combining a ballpoint and a non-ink graphite pen. Made from FSC-certified bamboo, it provides a more sustainable alternative to plastic pens. The ballpoint uses blue ink with a 1.00 mm tip (writing length 600 m), while the non-ink side has a black graphite point that leaves visible marks without cartridges (writing length 1500 m). The bamboo body keeps care straightforward.

This custom / personalised pen with logo suits businesses, sports clubs, associations, events and private customers. Personalisation options include pad printing, laser engraving and digital printing. Free quote within 24 hours on weekdays; collect at our Evere workshop or delivery across Belgium, France and Luxembourg.
