DESCRIPTION

The 23" transparent automatic-open Kate umbrella custom / personalised with logo is a practical, highly visible rain accessory: the canopy is made from POE plastic, providing rain protection while allowing light through. It features a metal shaft and ribs for a stable frame and a plastic handle for a secure grip. The classic shape and automatic opening mechanism make it suitable for everyday use or events. Easy to care for — air dry after use — it combines functionality with clear visibility for branded messaging.

Personalisation is available by tampography, ideal for printing a logo on the canopy or handle. This custom umbrella with logo suits companies, sports clubs, associations, schools, events and private customers. Free quote within 24 hours on weekdays; collection in Evere or delivery in Belgium, France and Luxembourg.
