DESCRIPTION

Unisex 6-panel fitted snapback designed for a structured, comfortable fit. The snapback features a flat visor and a large front panel that provides an excellent area for visible branding. Constructed from acrylic, wool and elastane, it keeps its shape while offering slight stretch from the elastane. One size with an adjustable snapback closure and Flexfit technology for a reliable fit.

Details include stitched panel seams and ventilation eyelets for durability and shape retention; the underside of the visor is plain and matched to the cap for a clean finish. Care is straightforward—spot-clean or follow low-temperature recommendations to preserve shape and materials.

This personalised snapback accepts embroidery, flex, DTF printing and transfer methods, and suits companies, sports clubs, associations, events and private customers. It can be ordered and customised from a single piece, with logo vectorisation and artwork support available from our in-house studio.
