DESCRIPTION

Unisex 6-panel cap in a trucker style, made from a cotton/polyester blend for comfortable wear. The structured front panels maintain shape while the mesh back adds breathability and lightness; the curved peak provides effective sun protection. Care-wise, gentle washing is recommended to preserve structure and stitching.

Practical details include Flexfit adjustment combined with a snapback closure for a precise one-size fit. The peak features 8 rows of topstitching and a silver-coloured underside, details that improve everyday durability and appearance.

This personalised 6-panel cap can be customised from 1 piece on a wide range of textile. Available marking techniques: DTF printing, transfer, MSO transfer, flex and embroidery. Suitable for companies, sports clubs, associations, events and private customers. Our design studio can retouch or vectorise your logo.
