DESCRIPTION

Unisex 6-panel trucker cap featuring Flexfit® technology for a comfortable fit across head sizes 52–63 cm. The front panels provide a clean structured look while the mesh back and sides ensure airflow, making it well suited to outdoor and all-day wear. The polyester/elastane blend is lightweight and simple to care for.

The curved visor offers sun protection and the PVC snapback makes size adjustment quick and secure in one size. The 6-panel construction keeps the cap shaped without stiffness, appropriate for staff uniforms, event merchandise or casual team wear.

Personalised 6-panel cap options include embroidery, screen printing transfers, DTF printing, flex (heat transfer) and MSO transfers. Our studio can vectorise or retouch your logo prior to production. Recommended for companies, sports clubs, associations, events and private customers seeking a custom product with your logo.
