DESCRIPTION

The Viera apron is a custom / personalised apron with logo made from a twill blend of 240 g/m² (65% polyester, 35% cotton) designed to protect clothing while cooking. The fabric provides durability with a comfortable feel, and two front pockets keep utensils and essentials close at hand. The long waist tie makes it a one-size-adjustable piece that's easy to fit. The polyester-cotton mix ensures practical care and everyday robustness, suitable for use in kitchens, hospitality and domestic settings where a sturdy, comfortable apron is required.

For personalising your custom apron with logo we offer embroidery, sublimation, object screen printing, multicolour transfer and DTF printing. Ideal for companies, restaurants, sports clubs, associations, events and private customers.
