DESCRIPTION

The Shara Aware™ apron is a custom / personalised apron with logo designed for durability: made of 70% recycled cotton and 30% recycled polyester at 240 g/m2, it feels substantial, robust and comfortable to wear. It features two adjacent pockets and a one-metre tie for easy adjustment. Cyclo® technology uses pre-sorted waste that determines the yarn colour, reflecting a commitment to a closed-loop system, and each apron includes an Aware™ tracer with a QR code to trace its origin.

Customization options include object screen printing, embroidery, DTF printing and multicolour transfers. Suitable for companies, sports clubs, associations, events and private customers, this apron adapts well to both discreet branding and bold visual designs.
