Country of origin	Indonesie
Carton	4 pieces

DESCRIPTION

Chopping board made from recycled teak root wood, handcrafted by artisans in East Java. It functions as a durable cutting surface or an attractive serving tray thanks to its minimalist natural design. Compact and sturdy at 41 x 17 x 2 cm, it brings warmth and character to any kitchen while repurposing reclaimed material. Care is straightforward—clean with warm water and, if desired, treat with food-safe oil to maintain the wood.

Create a custom personalised chopping board with logo using laser engraving, suitable for companies, sports clubs, associations, events and private customers. We offer laser engraving as the marking technique and accept orders from 1 piece without minimum. Free quote within 24 hours on weekdays and our graphic studio can vectorise or retouch your logo. Collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
