## DESCRIPTION

Custom / personalised saddle cover with logo made from recycled PET plastic, reusable and lightweight. It fits most saddles thanks to an elastic band and offers protection against dirt and moisture, though it is not fully waterproof. The cover follows the saddle shape for unobtrusive use, and maintenance is limited to wiping with a damp cloth or sponge, taking into account the nature of the material.

For personalisation we offer object screen printing, multicolour transfers and DTF printing, ideal for adding a logo, name or graphic. Suitable for companies, sports clubs, associations, events and private individuals looking for a practical, recognisable accessory.
