Carton	100 pieces

DESCRIPTION

The Herschel Charlie recycled RFID cardholder is a slim, practical accessory designed for travel cards, bank cards and ID. Constructed from 600D recycled polyester (EcoSystem™ fabric and lining made from post-consumer bottles), it features an RFID-blocking layer, multiple card slots and a storage pocket. Lightweight and compact, it slips easily into a pocket or bag and is simply surface-cleaned. This custom / personalised cardholder with logo offers both convenience and a more sustainable material choice.

Personalise the cardholder using multicolour transfer or DTF printing for companies, sports clubs, associations, events or individuals. We accept orders from 1 piece, provide a graphic studio to rework or vectorise your logo and offer a free quote within 24 hours on weekdays.
