DESCRIPTION

The Zens 15 W magnetic bedside charger provides simple, stylish wireless charging for iPhone 12 and later, AirPods and some Android phones with a magnetic case. Its alloy construction offers a refined feel and stable placement on a bedside table; a braided USB-C cable and adapter are included for convenience. Placing the phone horizontally activates Apple StandBy, turning the device into a nightstand display. Easy to care for, it sits unobtrusively in modern interiors and combines quality materials with user-friendly operation.

Offer a custom / personalised magnetic bedside charger with logo for clients, staff or event attendees. Personalisation is available by laser engraving, pad printing (tampography) or digital printing to achieve the desired finish. Suitable for businesses, sports clubs, associations, schools, youth movements and individuals; free weekday quotes, collection from our Evere workshop or delivery in Belgium, France and Luxembourg. Our studio can retouch or vectorise your logo.
