DESCRIPTION

The Clé USB basic 32 Go Rotate is a rotatable USB stick with a plastic body and aluminium accents, designed for everyday use. It connects via USB 2.0 with write and read speeds suitable for routine file transfers. The rotating shell protects the connector without a removable cap and only needs occasional external cleaning. Its compact cut and lightweight materials make it easy to carry in a pocket or bag.

We offer this custom / personalised product with logo by tampography, object screen printing, laser engraving or doming. Perfect for companies, trade shows, clubs, associations, schools, events and private individuals. No minimum order (from 1 piece) and free quotes on weekdays; our graphic studio can retouch and vectorise your logo for best results.
