Country of origin	Chine
Carton	40 pieces

DESCRIPTION

The 10,000 mAh high-density Compress power bank is a compact ABS plastic device built for portability. It houses a 10,000 mAh lithium-polymer cell with a 5 V/2 A output and charges via Micro-USB or USB-C. An LED indicator displays charging status and remaining capacity for straightforward, reliable use. Lightweight and easy to carry, this power bank strikes a balance between power and size and can be wiped clean with a soft cloth.

Offer a custom / personalised power bank with logo using tampography, laser engraving or digital printing. Ideal for companies, sports clubs, associations, events and private customers — great as a promotional gift or giveaway.
