DESCRIPTION

The Incognito USB data blocker protects your device while charging by preventing any data exchange between a mobile device and a computer or public charging station. Made from ABS plastic, it simply plugs into the USB port to provide a discreet, data-free charging experience. Maintenance is straightforward — wipe clean with a damp cloth to keep it looking and functioning well.

Offer this custom / personalised USB data blocker with logo marked using Tampographie or Impression numérique. Perfect for businesses, clubs, associations, events and private customers who want to combine data protection with branded communication.
