DESCRIPTION

The Incognito privacy kit combines a USB data blocker, a webcam cover and an audio jack blocker, all supplied in a protective box. The USB protector stops any data transfer while charging, the webcam cover blocks unwanted camera access and the audio plug prevents third-party listening. Made from ABS plastic, the kit is a compact, portable solution to help protect privacy when connecting devices in public charging stations or on the move.

Order a custom / personalised privacy kit with logo: personalisation is available by tampography, object screen printing or digital printing. Well suited to companies, sports clubs, associations, events and private customers looking for a practical, branded security gift or participant pack.
