DESCRIPTION

The Xtorm SlimLine 33 W charger is a compact, ultra-slim adapter designed for home use and travel. At just 1.5 cm thick, it features both USB-A and USB-C ports to charge multiple devices quickly and safely, supporting Xtorm 33 W Super Charge+ and PPS. Manufactured in ABS plastic with recycled content, it pairs sleek design with portability and an automatic standby safety feature. Low-maintenance and unobtrusive, it fits seamlessly into everyday life.

Offer a custom / personalised charger with logo using laser engraving, a technique well suited to ABS surfaces. Ideal for businesses, sports clubs, associations, events and individuals, this personalised charger makes a smart corporate gift, promotional item or branded accessory. Our studio can retouch or vectorise your logo to ensure a precise, professional engraving.
