Country of origin	Chine
Carton	200 pieces

DESCRIPTION

The custom / personalised travel tag with logo Xtorm XTAG2GA is a compact tracker made from ABS plastic, designed to keep track of valuables such as your suitcase, wallet or keys. It features an IP64 waterproof pouch and a replaceable battery, and pairs easily with your phone via Apple Find My or Google Find My Device. Lightweight and discreet, it fits neatly into luggage or on a keyring; care is limited to wiping the plastic surface.

We offer customisation of the travel tag using laser engraving, ideal for adding a logo, name or contact number. Suitable for companies, sports clubs, associations, events and private customers, it works well as a promotional item, travel accessory or personalised gift.

COLOURS (2)

Ash white mélange

Charcoal
