DESCRIPTION

The SMART precision repair tool set is made from recycled ABS plastic and designed for daily use on electronics, small appliances and routine maintenance tasks. The case features a practical push-button mechanism for easy opening and closing, and the handle accepts interchangeable metal bits. Supplied with 24 bits, the kit offers compact versatility for precise work. Durable and low-maintenance, it focuses on reliability and the reuse of materials, making it a functional and understated tool for professional or personal use.

Order a custom / personalised precision repair tool set with logo using digital printing or pad printing, both suitable for plastic surfaces of the case. Ideal for companies, clubs, associations, events and private customers who want a useful, branded giveaway or service accessory.
