DESCRIPTION

The SMART 65 W RPET charging cable with lanyard is designed to recharge everyday devices reliably, delivering up to 65 W where needed. Constructed from RPET felt and polyester pongee made from recycled PET, it offers a more eco-conscious material choice while keeping a modern, practical look. The integrated lanyard keeps the cable to hand for use at home, in the office or on the move. Compact and lightweight, it is a convenient accessory that is easy to use and maintain.

For customisation we offer laser engraving, pad printing (tampography), digital printing and doming, suitable for markings on RPET felt and polyester. This custom / personalised SMART 65 W RPET charging cable with logo is ideal for companies, sports clubs, associations, events and private individuals who want a useful branded item.
