Average weight	446
Dimensions	19,5 x 3,8 x 12 cm
Country of origin	Chine
Carton	20 pieces

DESCRIPTION

Compact power bank in recycled ABS plastic designed for mobile, everyday use. This 20,000 mAh unit features an integrated USB-C cable and a USB-A port, allowing multiple devices (smartphones, wireless earphones, action cameras) to be charged without carrying extra leads. Its rectangular form with rounded edges and a partially textured surface provides a secure grip; measuring 19.5 x 3.8 x 12 cm it is easy to slip into a bag or backpack. Care is straightforward with a dry or slightly damp cloth.

The housing includes flat and subtly ribbed areas suitable for a neat mark. You'll also find a status LED, an accessible USB-A port and a loop passage for a lanyard or attachment, useful for securing the battery to a bag or keyring.

Brand this device with laser engraving for a precise, durable result. Ideal for companies, events, associations, clubs and corporate gifts. Minimum order 5 pieces (colours and sizes combined) — free quote within 24 hours on weekdays and an in-house design studio available to vectorise your logo.
