DESCRIPTION

The reflective smartphone armband keeps your phone protected and accessible while running or during other activities. The transparent PVC pouch (8 x 18 cm) allows screen use while safeguarding the device; a reflective strip improves visibility in low light. The neoprene loop with buckle is adjustable for different sizes and includes an extra pocket for keys or coins. Comfortable and easy to care for, the soft materials can be cleaned by hand when needed.

This custom / personalised reflective smartphone armband with logo can be marked using multicolour transfer, DTF printing (Impression DTF) or pad printing (Tampography). Suitable for businesses, sports clubs, associations, events and private individuals who want a practical, visible accessory branded to their needs.
