Reference	126011
Composition	EVA plastic
Material	EVA plastic
Average weight	100
Dimensions	10 x 12 x 5 cm
Country of origin	Chine
Carton	30 pieces

DESCRIPTION

This 16-piece Healer first aid kit comes in an EVA plastic case and includes compresses, a non-woven sponge, adhesive tape, adhesive plasters, a bandage, scissors and pins. The EVA shell protects the contents while keeping the kit lightweight and compact for home storage or carrying in a bag. Care is straightforward: wipe the case with a damp cloth to keep it clean. Compliant with EN13485, it provides a practical, compact solution for basic first aid needs at home or on short trips.

We apply screen printing on objects to produce a custom / personalised first aid kit with logo, suitable for companies, sports clubs, associations, schools, events and private individuals. Logo printing on the case is ideal for promotional campaigns, corporate gifting or branded equipment. Free quotes within 24 hours on weekdays and collection at our Evere workshop or delivery in Belgium, France and Luxembourg are available.
