DESCRIPTION

The Hyrra bamboo floor mirror is a 360-degree pivoting mirror designed to sit on a washbasin or countertop. The handle and frame combine bamboo, glass and steel, sourced and produced with more sustainable practices, giving a natural look and easy handling. Its rotation makes it simple to position in a bathroom, vanity area or wellness corner. For care, use a soft cloth and mild, non-aggressive cleaners suitable for glass, bamboo and metal to preserve the materials.

Order a custom / personalised Hyrra bamboo floor mirror with logo using tampography or laser engraving depending on the finish you want. Perfect for companies, sports clubs, associations, events and private customers to add a logo, monogram or understated message.
