DESCRIPTION

The Spinx fidget gyroscope keyring made from recycled plastic is a compact, engaging accessory that delivers a smooth rotational motion and satisfying tactile stimulation. Composed of 50% recycled ABS plastic, 5% silicone and 45% iron, it is sturdy and easy to carry daily—useful for stress relief or improving focus. Its simple mechanism and robust materials make maintenance straightforward and durable for repeated use.

This custom personalised fidget gyroscope with logo can be decorated using doming or digital printing, perfect for showcasing a logo or design. Ideal for companies, sports clubs, associations, events and private individuals seeking an original, sustainable promotional item.
