DESCRIPTION

The Fidgix controller keychain is a playful, compact stress-relief accessory featuring tactile buttons and surfaces for quick sensory breaks. Made of 50% ABS plastic, 10% silicone and 40% metal, it balances lightness with durability. Its small size makes it easy to attach to keys, backpacks or bags so calming sensations are always at hand. Care is straightforward—wipe with a damp cloth to keep materials in good condition. Ideal for gamers and anyone wanting a convenient anti-stress gadget during their day.

This custom / personalised keychain with logo is suited to tampography, the recommended technique for marking the plastic and metal parts of the Fidgix. Appropriate for companies, sports clubs, associations, events and private customers. We provide a free quote within 24 hours on weekdays, no minimum order quantity and an in-house graphic studio to refine or vectorise your logo. Collection from our Evere workshop or delivery in Belgium, France and Luxembourg is available.
