DESCRIPTION

The Tala bamboo kitchen utensil set is designed for everyday cooking: spoons, slotted spoons, turners and spatulas made from lightweight yet durable bamboo, safe for use with non-stick cookware. With a thickness of 0.8 cm the tools provide reliable handling and sturdiness during food preparation. The natural finish helps keep the kitchen organised and is best maintained by hand washing to protect the wood. A practical, attractive choice for home cooks who want functional utensils that preserve non-stick surfaces.
