DESCRIPTION

The GazeGuard blue light glasses reduce the amount of blue light reaching the eye, making screen work on computers, tablets or phones more comfortable and less tiring. The frame and temples are made from 100% recycled plastic and the lenses from acrylic; they are lightweight and designed for comfortable everyday wear. Supplied with an instruction manual, they should be cleaned with a soft cloth following the care guidance provided.

These custom / personalised GazeGuard blue light glasses with logo can be branded using object screen printing, multicolour transfers, DTF printing, pad printing or digital printing. Ideal for companies, sports clubs, associations, events and individuals seeking a practical, eco-conscious promotional item.
