Carton	150 pieces

DESCRIPTION

The Byron bottle sleeve in GRS-certified recycled materials is designed to carry your water bottle or tumbler with ease. Made from GRS-certified recycled polyester, it is water-repellent and features a sturdy hook-and-loop closure, an elastic strap with non-slip handles and a zippered main compartment to keep valuables — including most smartphones — secure. A front pocket offers quick access to small items such as cards or keys. Ideal for the gym or outdoor adventures, this sleeve helps you stay organised while supporting more sustainable materials.

Customisation is available by multicolour transfer, DTF printing or object screen printing to create a custom / personalised bottle sleeve with logo. Suitable for companies, sports clubs, associations, events and private individuals, it makes a practical, visible and durable promotional item. Our design studio can retouch or vectorise your logo for the best finish.
