DESCRIPTION

This mesh backpack made from recycled polyester offers a more sustainable option without compromising practicality or style. With an 18-litre main compartment, a zipped front pocket and two side pockets for a water bottle or umbrella, it meets daily needs. Padded, adjustable shoulder straps ensure comfortable carrying throughout the day. The transparent mesh construction creates a contemporary look and allows clear visibility of contents, making it well suited to workplaces, events or schools with transparent bag policies.

For decoration, we offer object screen printing — perfect for a custom / personalised backpack with logo for companies, sports clubs, associations, events and private customers. YourVisualHere provides a free quote within 24 hours on weekdays, no minimum order (from 1 piece) and a graphic studio to retouch or vectorise your logo. Collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
