DESCRIPTION

The RFID credit card holder made of ABS plastic provides electromagnetic protection against payment fraud and identity theft while remaining **slim** enough to fit comfortably in a pocket or wallet. Its discreet design and large printable area make it a convenient accessory for travel and everyday use. It is easy to care for and can be cleaned with water and mild soap without affecting its protective function.

This custom / personalised credit card holder with logo can be customised by tampography or digital printing to achieve the desired finish. Ideal for companies, sports clubs, associations, events and private individuals looking to brand a useful, security-minded promotional item.
