Carton	50 pieces

DESCRIPTION

Unisex tubular scarf designed to keep the neck and lower face warm. Made from 95% recycled polyester and 5% elastane, it combines stretch with insulation thanks to a PrimaLoft® fleece section that provides warmth and comfort. Adult size, it can be worn as a neck tube, beanie or hood and is suitable for outdoor activities and everyday use. Available in several colours, for example Solid Black, Solid Navy or Solid Orange Fluor.

The seamless tubular construction delivers a comfortable fit under a helmet or hood. The recycled fabric offers a dense, soft hand feel while the elastane ensures a flexible fit that stays in place during movement, making it practical and durable for repeated wear.

This scarf can be customised by embroidery, ideal for companies, sports clubs, associations, events and private customers. Personalised scarves are available from one piece on a wide range of textile and our studio can vectorise your logo and provide a fast quote.
