DESCRIPTION

Unisex adult neck tube with a tubular, stretchy fit that suits most body shapes. Made from 95% recycled polyester and 5% elastane, the Original EcoStretch offers effective moisture wicking to keep wearers dry during outdoor activities such as running, hiking or cycling. The recycled microfibre fabric provides good durability and a comfortable, elastic feel for year-round use.

The seamless tubular construction makes it versatile to wear — as a neck warmer, headband or lightweight hood depending on need. Lightweight and compact, it packs easily for travel and maintains its shape in regular use. It is available in several colourways including Solid Black, Solid Navy and Solid Royal.

This personalised scarf can be customised from one piece using embroidery (embroidery). Suitable for businesses, sports clubs, associations, events and private customers. Our studio can retouch or vectorise your logo if required.
