DESCRIPTION

Unisex merino wool neck tube designed to provide a warm, soft layer during low to medium intensity outdoor activities such as hiking or trekking. The seamless tubular shape offers comfortable, skin-friendly wear and natural moisture management. Adult size, easily worn under a jacket or on its own around the neck.

The stretchy, simple cut allows multiple uses (scarf, headband or lightweight hood) and keeps a neat fit. Discreet finishing and good shape retention with appropriate wool care. Available in 1 colour, notably Solid Black.

This personalised scarf can be customised from a single piece and suits companies, sports clubs, associations, events and private customers. Customisation by embroidery (borduren / borduren in Dutch) is available for a durable, refined result; our design studio can vectorise your logo and prepare files for production.
