Composition	Plastique ABS
Material	Plastique ABS
Average weight	0,46
Dimensions	3,2 x 0,2 x 1,2 cm
Country of origin	Chine
Carton	10000 pieces

DESCRIPTION

The Hide camera blocker is a slim accessory made from ABS plastic that protects your privacy and prevents scratches on device lenses. It adheres firmly after a short press and the camera can be blocked or unblocked by sliding the cover to the side. Its thin profile ensures laptops close normally without obstruction. Compatible with most electronic devices with a camera and easy to care for with a soft cloth to maintain appearance.

We offer a custom / personalised camera blocker with logo using tampography or digital printing to apply a logo, name or icon. Perfect for businesses, sports clubs, associations, events or private individuals who want to protect privacy while keeping a cohesive visual identity.
