DESCRIPTION

Mar beach towel 70 x 140 cm made from recycled cotton and SEAQUAL® recycled polyester yarn (70% recycled cotton, 30% recycled polyester). The rectangular cut with fringe finish makes it suitable for beach, hammam and outdoor leisure. The weave is visible on the fabric, providing a lightweight yet durable feel, and it’s easy to care for with regular use. It comes in several colours including blue, grey and turquoise.

The 70x140 cm size offers a generous lying surface and rolls up compactly for transport and storage. The striped weave gives a neat, understated look while remaining practical on the sand or at the pool. Treat it as a delicate item when washing to preserve fibres and colour.

This personalised beach towel is available from a minimum order of 25 pieces (colours and sizes combined). Customisation options include embroidery, screen printing, multicolour transfer, DTF printing and flex. Recommended for companies, sports clubs, associations, events and individuals seeking an eco-responsible option.
