Reference	2063
Composition	Recycled Stainless Steel
Material	Recycled Stainless Steel
Average weight	0.071
Dimensions	Ø7.5 x 10.5CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Fjard reusable cup in recycled stainless steel (90% recycled). 350 ml capacity, Ø7.5 x H10.5 cm. The single-wall construction gives a lightweight metallic feel but does not insulate against heat, so it is not ideal for very hot drinks. Intended for everyday use at lunches, events or catering, it should be hand washed.

The straight-sided shape with a rolled rim gives neat pouring and a secure grip. The exterior is smooth and offered in several colours, for example black, white and navy blue. Robust and practical for corporate use, events or hospitality settings.

This cup is suitable for customisation by screen printing on objects, laser engraving or pad printing, making it a good choice for companies, clubs, associations and event organisers. Minimum order: 50 pieces (colours and sizes combined). Our art studio can adapt or vectorise your logo.

COLOURS (3)

Black

White

Navy blue
