DESCRIPTION

Visibility harness made from PET, designed to be worn over clothing. This unisex Y-shaped model measures 50 x 44 cm and features reflective silver strips plus a central panel with 4 front LEDs and 4 rear LEDs. Supplied with 2 CR2032 batteries, it provides supplementary lighting for pedestrians, cyclists and crews at promotional events. Lightweight and easy to store after use.

The harness is adjustable via straps and buckles at the waist and shoulders for a secure fit. Reinforced stitching around the central unit maintains stability during movement. Cleaning: wipe clean locally to protect the electronic components and reflective band.

Order these personalised reflective articles with digital printing or screen printing on objects for companies, sports clubs, associations, events and private customers. Minimum order: 25 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; our graphic studio can prepare or vectorise your logo.
