DESCRIPTION

This custom personalised sports bottle with logo is a lightweight, practical option for everyday hydration. Made from Prevented Ocean Plastic using PCR plastic and PP, it features a 1 litre capacity and a spill-proof flip-top lid. The single-wall construction may show small marks due to the recycled material. Supplied in a recycled PE bag and manufactured in the UK, it suits outdoor, sporting and urban use and is straightforward to clean and maintain.

Personalisation is available by digital printing and object screen printing: we can apply logos, designs and markings onto the bottle. Ideal for businesses, sports clubs, associations, schools, events and private individuals. Our in-house artwork studio can retouch and vectorise your logo to ensure the best possible print result.
