DESCRIPTION

The MIYO Renew 700+700 ml two-block lunch box is designed for meals on the go: two 700 ml compartments keep salads, fruit, snacks or sandwiches separate. Made from PP bio-plastic derived from sugarcane, it offers a lighter alternative to conventional plastics. The box is microwave- and dishwasher-safe, and a recycled-plastic elastic keeps it securely closed. Colours and additional accessories can be mixed to suit your needs. Packed in a recycled PE bag, it is convenient for quick, practical meals and everyday use.

Order a custom / personalised lunch box with logo using object screen printing or digital printing to apply your brand or artwork. Perfect for businesses, sports clubs, associations, events and private customers looking for a reusable, practical gift. Our studio can retouch or vectorise your logo if required.
